TREES

I think that I shall never see
A poem lovely as a tree.

A tree whose hungry mouth is pressed
Against the earth's sweet flowing breast;

A tree that looks to God all day,
And lifts her leafy arms to pray;

A tree that may in summer wear
A nest of robins in her hair;

Upon whose bosom snow has lain;
Who intimately lives with rain.

Poems are made by fools like me,
But only God can make a tree.

by Joyce Kilmer

As the "tree that looks at God all day," we have looked to our parents. With love and understanding, they have inspired us to seek higher achievement. Therefore, we Seniors dedicate the 1958 Riverian to .....

THE IMPORTANCE OF QUALITY
IN SANITATION SUPPLIES

Quality of product determines the effectiveness and economy of your sanitation program. It means better results and greater protection with less labor expense. Suitability for the job is just as important as quality materials and product uniformity. Lacking one of these three you cannot have dependability.

Constant field and laboratory tests by Huntington Laboratories are your assurance of highest quality products for every sanitation requirement.

Here are carved a few ordinary names. They are as yet insignificant to the world; but it is our prayer that as this tree with God's love and nourishment grows and expands, these names may likewise reach greater dimensions.
